

Gold Edition Summer Centres

Premium junior summer courses at the very best locations in Britain!

What does 'Gold Edition' mean?

We have titled our most spectacular and superb language school places 'Gold Edition'. These are located in special places, have a lot to offer and are very high quality in all aspects, e.g. as for the leisure facilities, the food and accommodation.

Thus, for example, all students are accommodated in boarding houses on the school or university campus. Also absolutely everything in our school locations of the Gold Edition is included in the price, e.g. any admissions. Only extra training, which has nothing to do with a language course, for example a tennis course, is optionally bookable.

Gold Edition language courses have more to offer than any other centre in the UK. You will have more excursions, more high quality activities, smaller classes and more lessons than in any other language school in England.
